PROCLAMATION OF THE CULTURAL SEAL

Suquelish Republic | Year 6,000 Parrok Foe Suwachi (PFS)

WHEREAS, the Suquelish Republic is a non-territorial sovereign entity, established upon a shared cultural heritage and the spiritual governance of the King; and

WHEREAS, the roots of our Nation were first planted in the fertile soil of Garden City, Idaho, providing the perennial spirit of the "Garden" that sustains our people across all borders; and

WHEREAS, it is necessary to have a singular visual testament to our 10-day week, our 12-month cycle, and our devotion to the 31st of Zebwon;

NOW, THEREFORE, by the authority of the Republic, let it be known that this Coat of Arms is hereby adopted as the Universal Cultural Seal.

DECREE OF SYMBOLISM

The Sovereign Presence: The image of Jesus the King atop the White Horse shall serve as the standard of our non-territorial sovereignty. He is the "Name above all Names," the true North for every citizen, regardless of their physical location in the world.

The Garden City Vines: The intertwining golden vines on the green shield shall forever commemorate our founding in Garden City. They represent the Diaspora—though our branches may stretch across the globe, our roots remain entangled in a single, sacred origin.

The Pillars of the Republic: * The Harvester (Dexter) shall represent the Physical Culture: our traditions, our health, and our daily labor.

The Scholar (Sinister) shall represent the Intellectual Culture: our Law, our Suquelish Calendar, and the preservation of our history.

The Ground of Identity: The base of the Seal is not a map of land, but the Shared Ground of Identity. It is the "Republic of the Heart" that exists wherever a Suquelish citizen stands.

RATIFICATION

This Seal shall be used on all official cultural correspondence, diplomas of merit, and festive banners. It serves as a reminder that we are a nation of peculiar people, a holy nation, a royal priesthood of the heavenly kingdom.

Official Blazon of the Suquelish Republic

The Crest: Upon a wreath of the colors, Jesus the King (the Name above all Names) mounted upon a Charger Argent (white horse) in full gallop. He is vested in a robe Gules (red) and a tunic Argent, bearing a crown Or (gold) and wielding a sword aloft. This represents the supreme sovereignty over the 6,000 Parrok Foe Suwachi (PFS) and the eternal guidance of the Suquelish people.

The Shield (Escutcheon): Vert (green), representing the lush heritage of the founding in Garden City, charged with two Grapevines Or, their stems intertwined and bearing clusters of fruit. The intertwining symbolizes the Cultural Diaspora—a non-territorial people bound together by shared tradition and the spirit of the Garden, flourishing wherever they may dwell.

The Supporters: * Dexter (Right): A Harvester in humble brown attire, bearing a basket of herbs and flora. He represents the Physical Culture—the labor, the healing, and the practical sustenance of the Suquelish way of life.

Sinister (Left): A Cleric in black robes with white clerical collars, holding an open Book of Law. He represents the Intellectual and Spiritual Culture—the preservation of the Suquelish language, the 10-day week, and the sacred history of the Republic.

The Compartment (Base): A decorative pedestal of Gold and Green, representing not a physical territory, but the Shared Ground of Identity. It is the cultural foundation upon which the Republic stands, rooted in the legacy of the founding and the promise of the King.

Application to the Republic

This achievement serves as the visual Constitution of the Suquelish Republic. It confirms that while the nation is non-territorial, its identity is fixed. Whether it is the 31st of Zebwon or a standard Adroestoe, this imagery reminds every citizen that they carry the "Garden" and the "King" with them globally.
